Prayer from the Congregation

Father God, we confess that we never seem satisfied with the weather. We grumble and complain. When it is wet and windy, help us to remember those who suffer from really destructive storms and floods; when it is hot, help us to remember those who have so little rain that their crops die and there is drought. We are all one people on this planet, so help us to care and share all your good gifts. Amen

Prayer for the congregation P12
