Congregational Prayer

God of the harvest and creator of all life, we pray for all farmers both here and around the world. We think of those struggling to make ends meet and those hoping for a better crop to help cover education or medical bills.

Move us, by your Spirit to work together to overcome injustice and poverty. Challenge us to change the narrative around climate change and global heating, and help us work together to build a world where all can flourish and see their potential fulfilled. In

Jesus Name, Amen
